

**CIMAS SENIOR RESEARCH ASSOCIATE I  
POSITION #040417**

The Cooperative Institute for Marine and Atmospheric Studies (CIMAS) of the University of Miami, Rosenstiel School of Marine and Atmospheric Science (RSMAS), invites applications for a Senior Research Associate I position in Physical Oceanography. The position is concerned with providing technical and science support to observational programs and will involve close collaboration with scientists at RSMAS and the NOAA Atlantic Oceanographic and Meteorological Laboratory (AOML).

The successful applicant must have a M.S. in Physical Oceanography or related field, a minimum of one year of relevant research experience and interest and experience in analyzing large oceanographic and climatic data sets. Necessary technical skills should also include good knowledge of Matlab and experience in at least two higher-level computer environments (i.e. UNIX, LINUX, WINDOWS). The incumbent is expected to have taken at least six credits of physical oceanography and three of calculus at the graduate level. The incumbent must also have excellent written and oral communication skills in order to communicate with a diverse group of people in large collaborative projects.

Apply online at: [www.miami.edu/careers](http://www.miami.edu/careers). Curriculum Vitae and the contact information for 3 people who can provide letters of recommendation are required.

The University of Miami is an equal opportunity/affirmative action employer.
